# AIRPORT INTERNATIONAL GROUP SHAREHOLDERS

Airport International Group is a Jordanian company comprising local and international investors with proven experience in airport rehabilitation, enhancement, operation and management. Airport International Group was awarded a 25 years 'Build-Operate-Transfer' (BOT) concession to rehabilitate, expand and operate Queen Alia International Airport (QAIA)

- The first global airport group in the world, with over 50 years of specialized industry experience.
- Managed 28 airports worldwide (234.1 million passengers ) in 2019 before the COVID-19 crisis.
- An independent investment firm developing, financing and managing long-term sustainable public infrastructure since 2005.
- Manages over 70 assets in the mobility, energy transition and social infrastructure sectors valued at EUR 7 billion.
- A UAE-based investment vehicle of the Islamic Development Bank (IDB) Infrastructure Fund II managed by Asma Capital Partners.
- The Fund has USD 750 million in capital commitments to invest in infrastructure projects across the MENA region.
- An international company founded in 1956 specializing in the energy services and infrastructure sectors.
- One of Jordan's leading companies, distinguished by its diverse and successful multidisciplinary business.

# THE TIMELY DELIVERY OF JORDAN'S PRIME GATEWAY TO THE WORLD

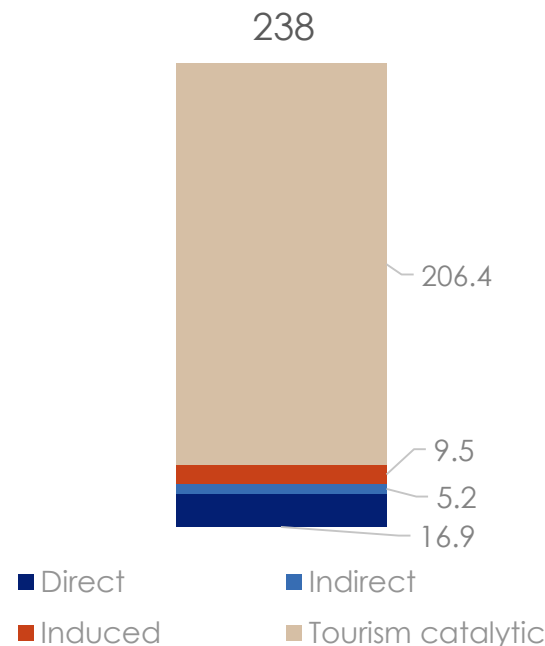

- ◆ With funding valued at approximately USD 1 billion from Airport International Group, the new state-of-the-art terminal was inaugurated as mandated by the initial agreement.
- ◆ The Operational Readiness and Airport Transfer (ORAT) of the new terminal was successfully conducted within 4-6 hours.
- ◆ In March 2013 marked a new era in Jordan's air transport sector with the opening of the state-of-the-art new terminal by His Majesty King Abdullah II.
- ◆ The new terminal inauguration was followed by the completion of the second phase of QAIA's new terminal project, inaugurated by HRH Crown Prince Al Hussein bin Abdullah II in September 2016.

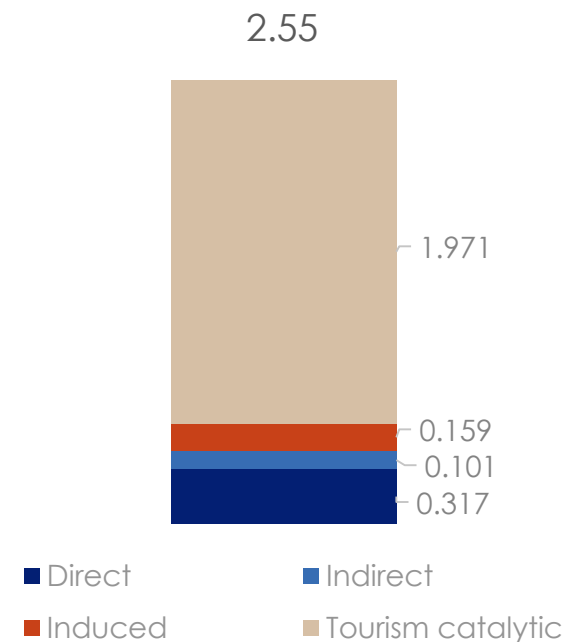

# QAIA IMPACT ON THE JORDANIAN ECONOMY

- ◆ In collaboration with IATA & Amsterdam SEO, Airport International Group launched a study to assess the full economic impact of QAIA on the Jordanian economy based on four major factors:
- ◆ Direct Impact, Indirect impact, Induced, Catalytic
- ◆ QAIA supported 238 thousand jobs and 2.55 billion JD in GDP in 2019
- ◆ By 2032 the supported number of jobs is expected to be 278 thousand and the GDP contribution will be around 4 billions

**Jordanian jobs supported from QAIA activities in 2019 (Thousand jobs)**

**National GDP estimated impact of QAIA in 2019 (GDP, in JOD billion)**

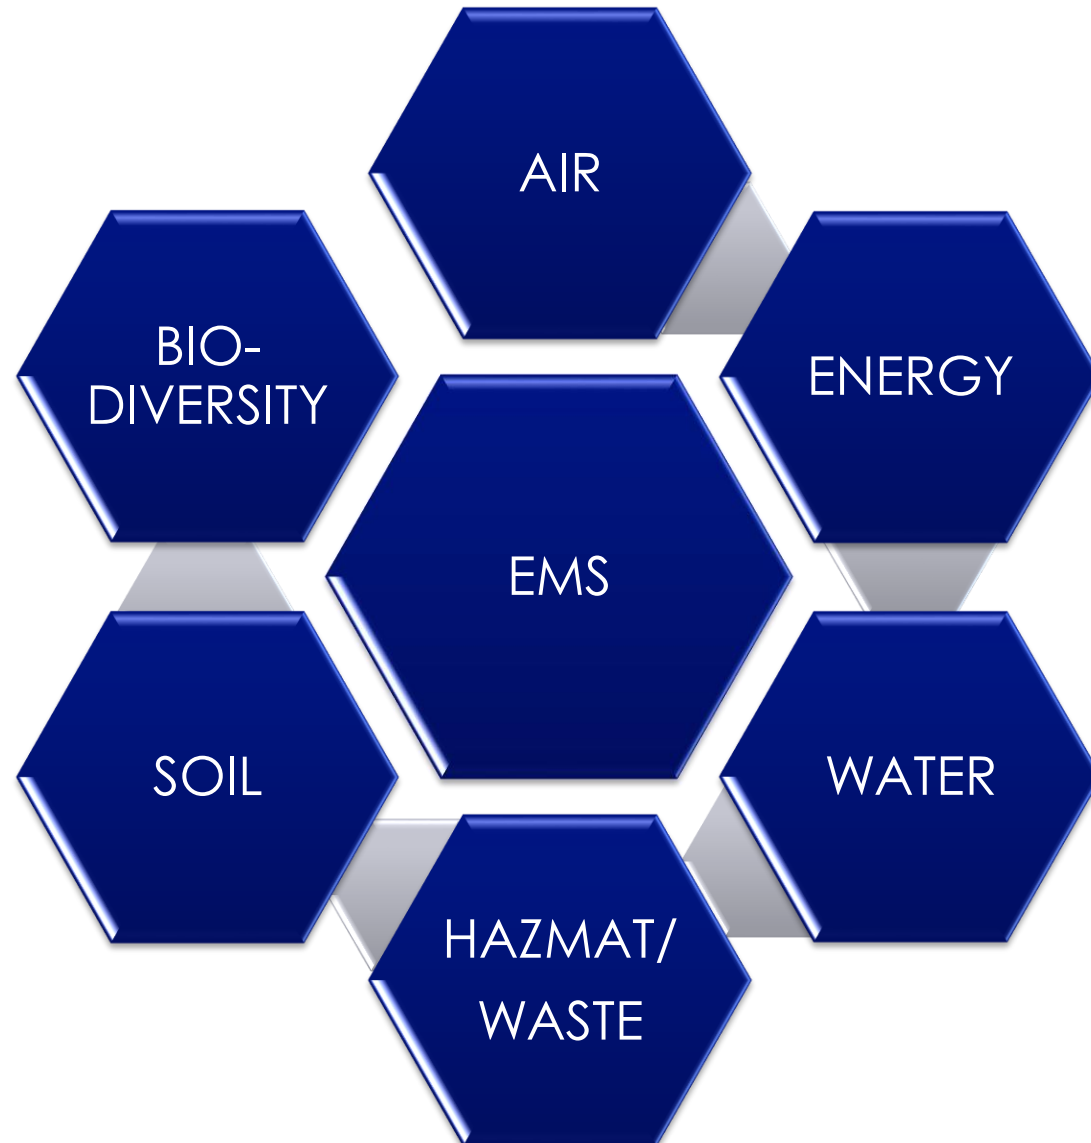

**Notes:** SEO Amsterdam Economics analysis based on statistics from the Jordan Department of Statistics, Airport International Group, and IATA

# RESOUNDING SUCCESSES RECOGNIZED BY AVIATION INDUSTRY GIANTS

QAIA Awards - Timeline

Year	Award
	2013 <b>Gold Award for Best Emerging Market Infrastructure Project</b> – Europe, Central Asia and MENA
	2014 2015 2016 2017 2018 2019 2020 QAIA won the following awards in ACI's Airport Service Quality (ASQ) Survey 2014 and 2015: <b>First place in the category 'Best Airport by Region: Middle East'</b> 2017: <b>second place in the category 'Best Airport by Region: Middle East'</b> 2016, 2018, 2019 and 2020: QAIA Named <b>'Best Airport by Size and Region (5 to 15 million passengers per year in Middle East)'</b>
	2017 <b>Silver Award</b> in the ACI Asia Pacific Green Airports Recognition Program, 'Energy Management'
	2022 Green Airports Recognition 2022 – <b>Gold Recognition</b>
	2018 1 <sup>st</sup> airport to achieve <b>3+ level of 'Airport Carbon Accreditation'</b> in the Middle East
	2020 Renewed and Extended <b>Airport Carbon Accreditation</b> Level 3+ 'Neutrality' <b>Until 2022</b>
	2019 QAIA achieved <b>level 1 of ACI Airport Customer Experience Accreditation</b>
	2020 QAIA achieved <b>level 2 of ACI Airport Customer Experience Accreditation</b>
	2021 QAIA renewed <b>level 2 of ACI Airport Customer Experience Accreditation</b>
	2020 QAIA achieved ACI <b>Airport Health Accreditation</b>
	2021 QAIA renewed ACI <b>Airport Health Accreditation</b>
	<b>ISO9001/2015 ISO14001/2015 ISO45001/2018 ISO10002/2018</b>

# ENVIRONMENT MANAGEMENT SYSTEM

## CARBON MANAGEMENT

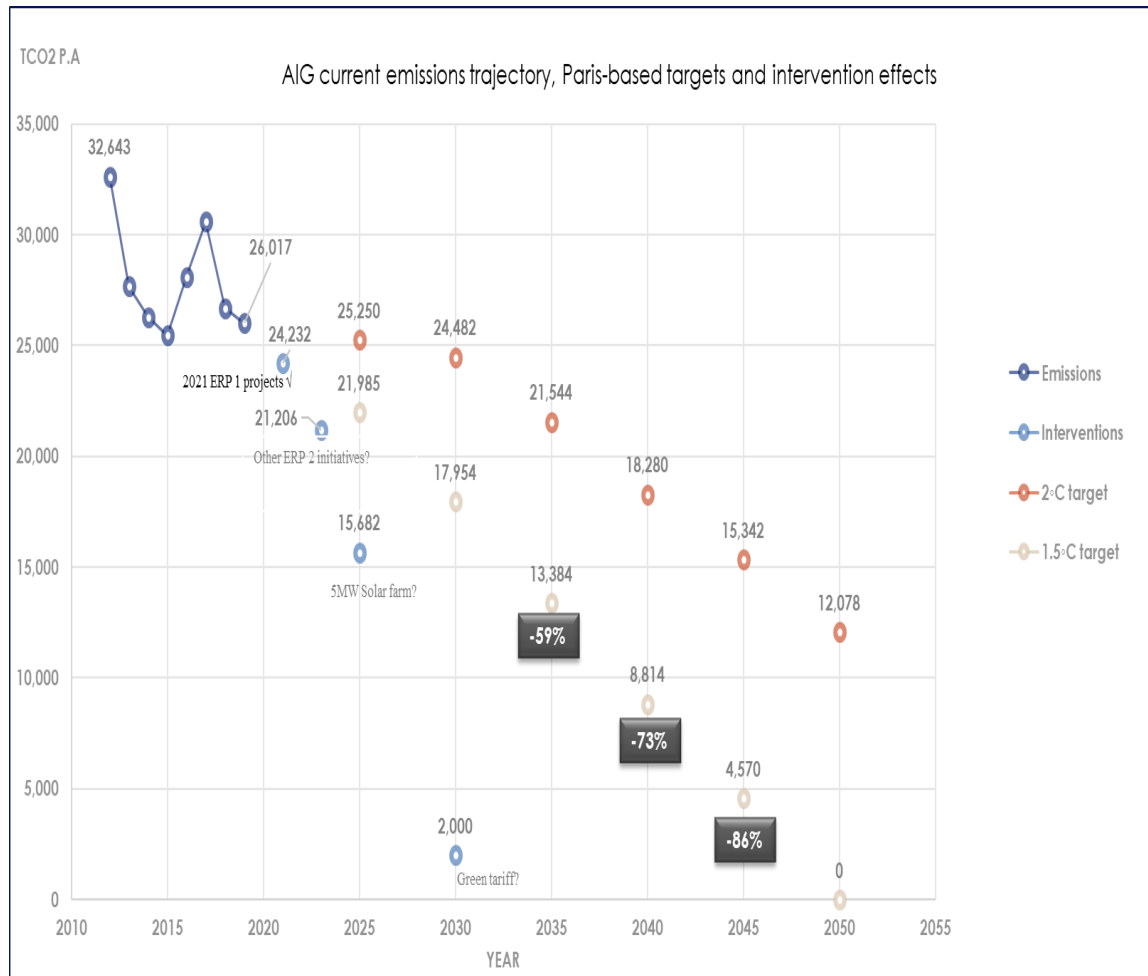

- ❑ First Carbon Neutral Airport in the region.
- ❑ Commitment towards **NETZERO CARBON BY 2050**

- ❖ **Neutrality:** Reducing carbon emissions and **compensating** the remaining carbon emissions through the purchase of carbon offset credits.
- ❖ **Net Zero:** Maximum reduced emissions by -90% by 2045 & remaining 10% will be under Carbon removal (**Negative Emissions Technologies or NETs** )

# CARBON MANAGEMENT

## AIG EMISSION TRAJECTORY TARGET PATHWAY TOWARD NETZERO BY 2050

### Energy Efficiency Measures

### Onsite Renewable Energy: Establish 4.8 MW solar farm

### Fleet Decarbonization

### Boiler Operation

### Other actions: waste, APU, 3<sup>RD</sup> Parties

# CARBON MANAGEMENT

## ❑ CHALLENGES/PRESSURE TO ACHIEVE NETZERO CARBON BY 2050

Grid  
Decarbonization

Possibility to purchase 100% renewable energy direct from the grid

---

On-site Renewable  
Energy

Facilitate the approval of establish renewable energy project

---

Carbon offset cost

Increase the cost related to carbon offset  
Limited # of certify carbon offset on national level

---

Technology

The lack of availability for Carbon removal technologies on national level

# CORPORATE SOCIAL RESPONSIBILITY AIRPORT INTERNATIONAL GROUP FOUNDATION

Airport International Group launched the executive arm of its philanthropic corporate social responsibility (CSR) activities - on October 2021, Airport International Group Foundation (AIGF), at the AIGF Training Center 'Hirfati' in Al Jizah.

AIGF is dedicated to complement national philanthropic initiatives and causes by providing support in niche and unserved areas relating to *youth empowerment, the development of underprivileged communities and the environment* through education, innovation, and support to tailored training programs.

## AIG'S CONTRIBUTION TO SDGS

and AIG's current contribution to SDGs are listed below...
